113 suicide prevention

113 suicide prevention
If you have suicidal thoughts, you can talk to us about this, 24/7, anonymously and confidentially. We have various options you can choose from. Visit our website www.113.nl to see what we can do for you.

Are you harbouring suicidal thoughts? If so, don’t wait to contact us.

Anonymous, confidential and 24/7

113 Suicide Prevention is an independent care institution and the leading national organisation for suicide prevention.

Our mission

‘A country where no one is driven by loneliness and despair to commit suicide.’

People with suicidal thoughts and their loved ones can make use of 113 anonymously, free of charge and around the clock. As a care provider, 113 Suicide Prevention offers accessible help by professionals and by volunteers who have received intensive training. The care offered by 113 supplements the regular healthcare service. Our services include crisis helplines, online therapy and digital self-help options.

Every day in the Netherlands,

5 people commit suicide

99% of people with suicidal thoughts manage to stop before they get as far as suicide

At 113, we talk to about 1000 people a week

Do you have thoughts about suicide?
Talking helps.

... but that’s not always easy. Talking to someone anonymously has the advantage that it lets you talk more easily and share your thoughts, and gives you a break from your worrying.

Various options
If you have suicidal thoughts, you can talk to us about this, 24/7, anonymously and confidentially. We have various options you can choose from. Visit our website www.113.nl to see what we can do for you.

Are you harbouring suicidal thoughts?
